FIDELITY FREEDOM® FUNDS

ASSETS MANAGED WITH AN EYE ON YOUR RETIREMENT GOALS.

Fidelity Freedom® Funds offer you a simple, streamlined approach for choosing your retirement investment options.

Here's how it works:

- Start with a minimum investment of \$2,500
- Choose the Freedom Fund with the target year closest to your desired retirement date
- Based on your target date, our fund managers will invest your assets in a diversified portfolio of well-established Fidelity funds
- The later the target date, the more aggressive your mix of equity, fixed-income and money market funds
- The sooner the target date, the more conservative your investment mix

What you benefit from is an actively managed retirement investment plan that you won't have to spend valuable time worrying about.

A MARKET LEADER THAT ADDRESSES YOUR PRESENT NEEDS — AND YOUR FUTURE GOALS.

When you purchase a Fidelity Freedom Fund, you'll have confidence and peace of mind knowing that you've invested with a money management team that has the kind of cross-industry knowledge and performance history to manage your retirement investments through variable markets and diverse sectors.

We work hard, so you don't have to. Contact us today.

Because you're not just invested, you're **personally invested**.SM
